## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-11 and 13-26 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

With respect to claim 1 and 14, the prior of record, Suyama et al (7,002,532) does not disclose or imply “wherein the first beam splitter has a first optical input coupled to the optical output of the first polarization switch, for diverting light at the optical input of the first splitter to first and second optical outputs respectively according to a polarization state of the light at the optical input of the first splitter;

the second beam splitter has first and second optical inputs respectively optically coupled to the first and second outputs of the first beam splitter, via respective said first and second optical paths, the second beam splitter diverting light at the first and second inputs to first and second outputs of the second beam splitter according to a polarisation state of light at the first and second inputs thereof; the first output of the second beam splitter defines the optical output path, and the second output of the second beam splitter is optically coupled to a second input of the first beam splitter via a third optical path; each of the first, second and third optical paths respectively includes one of a second, a third and a fourth polarisation switch, the first, second, third and fourth polarisation switches adapted to thereby select cumulative combinations of one or more of said first, second, and third optical paths between the input optical path and the

Art Unit: 2878

output optical path,” structurally arranged and functional operated as claimed in combination with all the limitations of the base claims.

With respect to claims 2-13, claims 2-13 depend on allowable claim 1 and therefore are allowable.

With respect to claims 15-26, claims 15-26 depend on allowable claim 14 and therefore are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
